Floor Closer Thresholds/Cover Plate Assemblies

- **TYPE OF ASSEMBLY** – Type 11 or 14 for center hung, Type 13 or 15 for offset hung.
- **MATERIALS** – Saddles, floor plates, supports, risers, elevators, and stop strips.
- **CLOSER TO BE USED** – Manufacturer and model number.
- **NET LENGTH** – Jamb-to-Jamb. Assembly Types 11, 13 and 14 are cut with center section 1/2” over net length up to 48” and 1” over net length over 48” to allow for fitting on the job. Please specify “net length”, if required. Assembly Type 15 is cut at net length because of factory-cut miters.
- **HANDING** – For single doors, specify right or left hand. For pairs of doors, handing is not required.
- **SPECIAL FINISHES** – Examples include polished, oxidized and oil rubbed, Satin Buff, and PemKote™.

▲ AVAILABLE FINISHES FOR PRODUCTS SHOWN ON THIS PAGE (see General Information section for finish chart)

A (Mill Finish Aluminum) • B (Mill Finish Extruded Bronze [Brass]) • D (Dark Bronze Anodized) • G (Gold Anodized)

NOTE: G, SN are available with limited inventory
### Floor Plates/Safety Treads

- Pemko can fabricate almost any floor plate threshold you might require.
- Furnished undrilled unless drilling instructions are specified when ordering.
- Ordering of fasteners does not constitute drilling instructions.
- Elevated floor plates require support every 4" on center, at welded seams, and as necessary for support.
- Orders with "x" in the product number (i.e. 195 x 193 x 195) indicate welding.

#### AVAILABLE FINISHES:
- A (Mill Finish Aluminum)
- B (Mill Finish Extruded Bronze [Brass])
- D (Dark Bronze Anodized)
- G (Gold Anodized)

#### AVAILABLE FINISHES FOR PRODUCTS SHOWN ON THIS PAGE (see General Information section for finish chart)

- AVAILABLE FINISHES: A, D, G
- 1/4" (6.4)
- 9 1/2" (241.3)

Available with PemKote™ non-slip coating (see General Information section). Please specify "PemKote™" when ordering. Please furnish drilling instructions when ordering PemKote™ as it is difficult to drill through this coating.
Floor Plates/Safety Treads (Cont.)

19125
AVAILABLE FINISHES: A, AK, D, G

Furnished undrilled.

Specialty floor plates with PemKote™ non-slip coating, normally used as abrasive coated stair nosings (safety treads).

19325
AVAILABLE FINISHES: A, D, G

Aluminum Plates

- Used wherever a cover plate, expansion joint plate or wide extra-strength metal plate is needed. Aluminum plates are superior in strength to extruded sections and come in a standard aluminum finish (A) with no flutes.
- Maximum standard length is 96" (Maximum “special order” length is 144”). All aluminum plates are provided NET length.
- Both width edges are beveled at a 45° angle; “single edge bevel” or “no bevel” is also available at no extra cost.
- Plates are supplied undrilled unless otherwise specified. Pemko reserves the right to charge for special fastener patterns.
- Plates are furnished with #10 x 1-1/2” plated wood screws (other fasteners available at extra cost). Number of screws supplied: one (1) screw per foot up to 8” in width; two (2) screws per foot over 8” in width and up to 12” in width, and three (3) screws per foot over 12” in width.

### Heavy Duty Thresholds

- Ideal for heavy-duty, high-traffic and high weight-bearing applications, such as industrial facilities, schools, cafeterias, manufacturing buildings and hospitals.
- Withstands coastal and high-humidity conditions.
- Ultra-durable, extra thick extruded nickel-aluminum construction is guaranteed for ten (10) years.

#### 1715
AVAILABLE FINISHES: A, AK, D
Allow 5/8" door clearance.

#### Modular Heavy Duty Thresholds

- Modular construction allows threshold to fit openings up to 15" wide without the expense of custom cast thresholds. There is no restriction on width additions (in 1" increments).

#### 1716
AVAILABLE FINISHES: A, AK, D
Allow 5/8" door clearance.

#### 1717
AVAILABLE FINISHES: A, AK, D
Allow 5/8" door clearance.
